The Points Totals for the year are calculated on the points achieved by each driver and car combination, in the **best 5 of the 6 qualifying events**. Where more than 5 events are entered by a driver, the events with the lowest achieved points are deleted to give the best 5.

Officials, who cannot take part in an event by virtue of their duties, are allocated 50 points once in any Championship Year, over and above any points counting towards their Points Totals.
