The Next Round of the SCCNZ is now upon us and we are off to ACE Motorsports at Mount Smart Stadium. This is a brand new facility with a 360m outdoor track and really nice German made twin engine karts capable of speeds of approx. 70kph. Quite a step up from Round 1 😊. It will be FUN!

The format will be the same as round one. 20 drivers in 2 groups of 10. Each driver will have two 16 lap heats (with reversed grid positions) followed by an A & B final depending how amazing you were in the heats. Both finals will run for 10mins (approx. 20 laps)

Everyone will go home with points. There are even points for coming last!

Heats 10 points for first, 9 points for second down to 1 point for lucky last.

A Final Points 40 for first, 39 for second through to 22 points for last.

B final Points 20 for first, 18 for second through to 2 points for last.

Bonus points: 5 points for fastest lap of the day, 3 for 2nd fastest and 2 points for 3rd fastest.

Lots of chocolate fish to be awarded to high achievers and a BBQ will be laid on too...
